# **SUPER OVER WILL APPLY FOR BOTH SEMI-FINAL & FINAL (if required)**

## **(Super Over)**

### **Actual Procedure for Super Over**

If in any fixture, semi-final or final in which the scores are equal, the result shall be determined through a tiebreaker based on the ICC One Over Per Side **Super Over**

The Superover shall occur as follows:

- (a) Subject to weather conditions the Super Over shall commence five (5) minutes after the conclusion of the match.
- (b) The Super Over will take place on the pitch allocated for the match with the side batting second to bat first. The umpires shall not change ends. The fielding side shall choose which end to bowl from.
- (c) Prior to the commencement of the Super Over each team shall select three batsmen and one bowler.
- (d) The selected players are given in writing to the umpires.
- (e) Each team's over is played with the same fielding restrictions as those that are in place for the last over of a Twenty20 match.
- (f) The same ball (or a ball of a similar age if the original ball is out of shape) as used at the end of the team's innings shall be used for the "extra" over.
- (g) The loss of two wickets in the over ends the team's one over innings.
- (h) In the event that the result is still a Tie after the Super Over above have been applied, the Super Over (clauses a-g) shall be repeated until a winner is obtained.

### **Summary:**

In any situation where the Super Over is not possible (eg rain) then there will be no result. As such, then the game is a draw in line with any similar weather or equivalent situation.
